August 24, 2015

Dear Parents and Guardians,

The Port Washington Education Foundation, in cooperation with the Port Washington Public Library, will continue its Education Support Center. This year we will be offering the program to third grade children who need extra help with literacy and/or math skills. Every week, there is an activity that builds academic skills. There is also time for children to receive help completing their homework assignments, or to work on school projects.

The Education Support Center meets every Tuesday, from 3:00 – 5:30. We meet in the Lapham Room of the Port Washington Public Library. Children attending the Center take a bus from their school to the Library. Parents must pick their children up at the Library no later than 5:30. In the interest of safety, you are asked to come into the Latham Room to sign out your child.

Jane Tafarella continues as the Center's Director. Many of the same volunteers are returning, and there are some new volunteers, as well. All volunteers are carefully screened and supervised.

The Center is able to accommodate 40 children. If you are interested in having your child participate, please complete the enclosed enrollment form, and return it in the envelope provided. Since there is limited space, we will accept children on a first come, first serve basis.

There is no charge for this program; Funding is provided by the Port Washington Education Foundation. I hope you will choose to have you child join this exciting program.

Yours truly,

Ellen Fox
Vice-President of Special Projects
