

2006-7 PWEF Funded Projects by School

PWEF Funded Projects at Manorhaven 2006-7

TITILE	SCHOOL	DESCRIPTION	CONTACT
Special Ed Field Trips	Manh'n/Gugg/Salem	Year 2 expands this to 3 schools and 66 children from self-contained classrooms for local field trips. Transportation is not funded	Susan Begina 767-5300 sbegina@portnet.k12.ny.us
Dance for Special Needs Students	Manorhaven	This expands the exposure to dance for 6 special needs students—they will work with a trained teacher in her studio w/all necessary equipment & supervision. Includes transportation because of the kids' needs.	Susan Begina 767-5300 sbegina@portnet.k12.ny.us
Sensory Integration in the Classroom	Manorhaven K-2	Children with sensory seeking behaviors will be given various materials to help with concentration. These are unclassified students who still have some special needs. This allows teachers to be proactive, is low-cost and will serve as a pilot	Susan Begina 767-5300 sbegina@portnet.k12.ny.us
Storytime Theater	Gugg/Man/Salem K,1,2	Year 2—for the remaining 3 schools. Uses performance skills to enhance LA. The objective is to improve concentration, focus, listening, linguistics, problem solving.	Elise May 883-2569 5mays@optonline.net

PWEF Funded Projects at Guggenheim 2006-7

TITILE	SCHOOL	DESCRIPTION	CONTACT

TITILE	SCHOOL	DESCRIPTION	CONTACT
Blues: An 8th Grade Experience	Weber 8 th	3rd year: bring back Toby Walker, blues guitarist to provide the concluding piece to this successful, interdisciplinary program (history, English, music). Dr. Piemonte is funding ½ of program	Jeff Moss 767-5510 JYJD@optonline.net

PWEF Funded Projects at Schreiber 2006-7

TITLE	SCHOOL	DESCRIPTION	CONTACT
FIRST Robotics Kit & Competition	Schreiber 9 - 12	Year 2: Funding covers only the 1 st stage: the robot and the regional entrance fee. We expect the club to do significant fundraising and outreach to community. Plus, District can help with Central Office Competition Funds.	Donald Schaefer 767-5915 dschaefer@portnet.k12.ny.us
Digital Physics Archive	Schreiber 10, 11, 12 (280 students per year)	Projector and SMART Board will be used to create an archive of physics lessons, to illustrate abstract concepts and create new and annotated problems to solve.	Don Fish 767-5878 Dfish@portnet.k12.ny.us
Alternative Energy: Hydrogen Fuel Cell	Schreiber 10, 11,12	Modernizes the Principles of Engineering course with a project on hydrogen fuel cells as alternative energy—kits are reusable. We have Jay Lewis' support and he thinks Schreiber can service & augment in the future	Donald Schaefer 767-5915 dschaefer@portnet.k12.ny.us
Get Smart	Schreiber 9 – 12	This SMART Board and materials will be used by 6 teachers serving 500 – 600 students and will enhance the curric. by maximizing student interaction. Teacher training is included.	Jeff Lesser 767-5807 jlesser3@nyc.rr.com
Still Lives from our Environment	Schreiber	Building on this past year's grant the AP Photography students will use a scanner as a camera for still lives of PW nature. The scanner can be used in other art classes	Joy Jaworski 767-5937 jjaworski@portnet.k12.ny.us
